*A Third of a Million Dollars
Defends the Name
"The Sale of Satisfied Buyers."*

At the close of the auction sale of purebred Scotch Shorthorns to be held at Abingdon, Illinois on Saturday, March 24th, the thirty-first sale under this same management will have been completed. When this sale was established eleven years ago this March, we gave it the name "*The Sale of Satisfied Buyers*". We had no right to this name at the time because proof that buyers were going to be satisfied was somewhat lacking.

We have come a long way since the day of our modest beginning and, with convincing figures to back up our claims, we are more proud than ever of the name "*The Sale of Satisfied Buyers*." Through the 31 auctions held during the eleven year period, we have sold approximately 1875 purebred Shorthorns for the staggering total of \$350,000. We are proud indeed of the record. The consignors display their confidence by bringing more and better cattle to each sale. The confidence of buyers is displayed through the continued patronage of old customers and an ever-widening circle of new customers.

No business enterprise can reach complete success except under conditions where each transaction results in a profit for BOTH SELLER and BUYER. And no business can prosper unless the benefits are obvious in the section where it is conducted. The enviable reputation enjoyed by Abingdon Shorthorn Sales may be attributed very largely to the fact that a loyal group of consignors have supplied honest, healthy, well bred cattle and they have been happy to sell them at prices that left buyers a liberal margin for profit. That these annual sales have benefited the area in which they have been held is indicated by the fact that the general quality of cattle on the farms of Western Illinois is better now than ever before.

A third of a million dollars! This convincing amount of money now defends the name "*The Sale of Satisfied Buyers*"! We believe the cattle to be offered on March 24th will add further prestige to the name. We invite you to study this catalog and we repeat again, "*You can buy with confidence at Abingdon*".

HAL LONGLEY,
Sale Manager

Bugler's Butterfly—A real thick roan heifer with plenty of width. She is a daughter of the sensational young sire Bugler's Champion and is out of a granddaughter of the twice International grand champion Divide Sensation. She will make a wonderful brood cow.

Those who read this catalog will note that the sale includes an unusually large consignment from Walter Miller's Oakdale Farms herd. The decision to consign fourteen of his good cows and heifers came at a late hour when Mr. Miller found it necessary to discontinue the production of cattle on one of his farms that is located a considerable distance from his home farm. In view of the fact that nearly all of the surplus cattle from Oakdale Farms have been sold through Abingdon auctions in recent years, it was natural that Mr. Miller should want to give Abingdon sale clients the first opportunity to buy the 14 females now available. The pedigrees will be found on this and succeeding pages in the catalog. Please note that they are members of the finest Oakdale families and that many of them will have calves or soon will calve to the service of the noted Oakdale herd sires.

Rosewood 10th—Take a look at the blood of the champions represented in the pedigree of this heifer. It would be hard to find another one as well bred. Her mother was the best heifer I ever exhibited, standing second in her class at the 1940 Missouri State Fair, defeated only by the cow that was grand champion of the show. She is heavy in calf to Bugler's Champion. I never intended to part with this beautifully bred Rosewood heifer.

This is Wernacres Hi-Hope, the sensational son of Imp. Cruggleton Achtoi that is in service in the herd of H. L. Wernicke & Son. Lots 43 and 44 in this sale are daughters of this great bull.

Where the Scotch bloodlines are of the best; where the individuals are of top quality and in splendid condition, though without the pampering that hinders future usefulness; where pedigrees and health certificates are delivered promptly; where each consignment is backed by a reliable breeder and where the sale management functions on the theory that "If buyers secure courteous treatment and profitable cattle, sellers are always going to find a most satisfactory market."
